SIDE CHAIRS + STOOLS

The collaborative office means casual meetings in impromptu places are increasingly the norm. Side seating—including multi-use, café, and stacking chairs—are a critical component to ensuring the right seat is nearby to transform any space into a workspace.

Design

Great ideas and great moments are born when the right people come together in the right place. Meet MATIC side chairs and stools. With options like lounge and café-style seating, you get more ways to mix and match styles to fit anywhere. The quiet nook. The bustling community space. Gather your team in coordinated style and comfort.

Material

Side Chairs + Stools are available in a variety of colour finishes.
