Velo

With its sympathetic looks and lightweight frame, VELO is the perfect fit for any work place. It presents a unibody design, along with the armrests. Stylish and modern in its vivid geometry, VELO helps its user develop a healthier sitting habit during extended periods of desk-bound work.

Design

VELO features a lumbar support responsive design which also allows for personalization, thanks to the individual tension adjustable lumbar support. The integrated controls lets users further fine-tune their experience.

Material

Velo Chairs are available in a variety of textiles and base finishes.
